Synopsis: In "The Affluent Society," renowned economist John Kenneth Galbraith explores the paradoxes of post-war economic prosperity. He argues that while the United States had achieved unprecedented levels of wealth, it had also created a number of social and economic problems, including:

- Rising consumerism and mass production
- Economic inequality
- The decline of the public sector
- The rise of the military-industrial complex

Galbraith's analysis is both incisive and thought-provoking. He challenges the conventional wisdom of his time and offers a new perspective on the challenges and opportunities we face in the modern economic landscape.

Why you should read "The Affluent Society":

- To understand the origins of our current economic problems
- To gain a new perspective on the relationship between wealth and happiness
- To learn how to create a more just and equitable society

Reviews

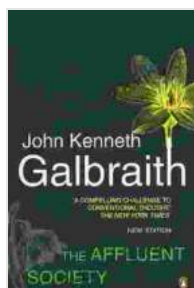

"The Affluent Society" is a classic work of economics that has stood the test of time. Galbraith's insights into the paradoxes of prosperity are as relevant today as they were when the book was first published. This is a must-read for anyone who wants to understand the modern economy.

- **Paul Krugman**, Nobel Prize-winning economist

"Galbraith is one of the most important economists of the 20th century. His writings are essential reading for anyone who wants to understand the modern world." - Joseph Stiglitz, Nobel Prize-winning economist

"The Affluent Society" is a brilliant and provocative book that challenges our conventional wisdom about wealth and happiness. Galbraith is a master of economic analysis and his insights are

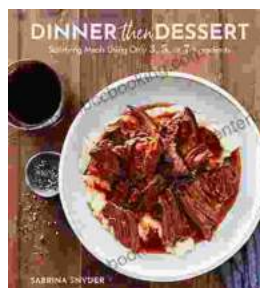

essential reading for anyone who cares about the future of our society." - Robert B. Reich, former U.S. Secretary of Labor
