Now, in its 50th anniversary edition, the renowned classic Interaction of Color remains the definitive guide to color theory and application. Written by the renowned color theorist Josef Albers, this seminal work has inspired generations of artists, designers, and anyone fascinated by the vibrant world of color.

A Comprehensive Exploration of Color

In Interaction of Color, Albers presents a comprehensive framework for understanding the properties, relationships, and applications of color.

Through a series of thought-provoking exercises and insightful observations, he explores:

- The three basic color attributes: hue, saturation, and value
- The color relationships based on hue, saturation, and value
- Color harmony and contrast
- The perception and psychology of color
- Advanced color techniques and applications

Albers's unique approach to color theory emphasizes the importance of observation and experimentation. He encourages readers to actively engage with color, to see it, to feel it, and to experience it in all its subtle nuances.

A Timeless Classic for Artists and Designers

Since its first publication in 1963, *Interaction of Color* has become an indispensable resource for artists and designers of all levels. Its timeless insights and practical guidance have influenced countless works of art, design projects, and educational programs.

Whether you are a professional artist, a student of design, or simply someone curious about the world of color, the *Interaction of Color* 50th Anniversary Edition is an essential volume for your library. Its in-depth exploration of color theory and its inspiring exercises will empower you to harness the power of color and create truly captivating visual experiences.

Celebrate the Legacy of Josef Albers

The 50th anniversary edition of Interaction of Color pays homage to Josef Albers's groundbreaking work and his enduring legacy as one of the most influential color theorists of the 20th century. This special edition includes:

- A new foreword by Albers's former student and renowned artist, Anni Albers
- An updated bibliography and index
- A stunning gallery of Albers's own artwork
- A commemorative poster featuring Albers's iconic "Homage to the Square" painting

The Interaction of Color 50th Anniversary Edition is a must-have for anyone who wants to deepen their understanding of color theory and application. It is a timeless classic that will continue to inspire and enlighten generations to come.
