Whether you're a seasoned performer or a complete novice, this trick is designed for all skill levels and is guaranteed to impress.

## Step-by-Step Instructions

1. **Gather your tools.** You'll need a standard deck of playing cards and a keen eye for detail.
2. **Shuffle the deck thoroughly.** This step is crucial to create the illusion of randomness and unpredictability.
3. **Ask a volunteer to select a card.** This person should not show you the card they choose.
4. **Have the volunteer shuffle the deck again.** Now, the chosen card is completely hidden within the deck.
5. **Cut the deck into two piles.** Place one pile on top of the other.
6. **Reverse the top pile.** Flip the top pile upside down, placing it on the bottom.
7. **Count down to the chosen card.** Starting from the top of the deck, count down the number of cards that match the value of the chosen card. For example, if the chosen card is the Ace of Hearts, count down four cards.

8. **Spread the cards face up.** The chosen card will be located at the exact position you counted to.
9. **Reveal the magic.** Dramatically turn over the card at the counted position to reveal the spectator's chosen card.
