Word Wise : Enabled
Print length : 288 pages

- Two full-length practice tests with comprehensive answer explanations
- Hundreds of practice questions with detailed solutions
- A detailed review of all AP Physics topics, including kinematics, dynamics, energy, momentum, electricity, magnetism, and waves
- Online practice tests and resources to help you track your progress

Why choose Barron's AP Physics Test Prep?

Barron's AP Physics Test Prep is the #1 choice for students who want to succeed on the AP Physics exam. Here are just a few of the reasons why:

- **Barron's has a long history of helping students succeed on the AP Physics exam.** Our experts have been writing and teaching AP Physics for decades, and we know what it takes to get you the score you need.
- **Barron's AP Physics Test Prep is comprehensive and up-to-date.** We cover all the topics that you'll see on the exam, and our content is always updated to reflect the latest changes to the AP Physics curriculum.
- **Barron's AP Physics Test Prep is affordable.** We offer a variety of study options to fit your budget, and our prices are always competitive.

How to use Barron's AP Physics Test Prep

To get the most out of Barron's AP Physics Test Prep, we recommend following these steps:

- **Start early.** The sooner you start studying, the more time you'll have to absorb the material and practice your skills.
- **Create a study schedule.** Set aside a specific amount of time each day to study AP Physics. This will help you stay on track and avoid cramming.
- **Take practice tests.** Practice tests are the best way to identify your strengths and weaknesses. Take several practice tests throughout your preparation, and use the results to focus your studying.

- **Review the material.** After taking a practice test, review the material that you missed. This will help you reinforce your understanding and improve your score.

With Barron's AP Physics Test Prep, you can get the in-depth review and practice you need to succeed on the AP Physics exam. Don't wait any longer to start your preparation. Free Download your copy of Barron's AP Physics Test Prep today!
