When Jo Piazza got divorced at 35, she felt like her life was over. She had always dreamed of a big, white wedding and a picket fence, and now it was all gone. She was lost, alone, and unsure of what the future held.

So she did what any woman in her situation would do: she moved back in with her parents, started drinking too much, and binge-watched Netflix. But one day, she realized that she couldn't keep living this way. She needed to find a way to move on.

So she started writing. She wrote about her divorce, her struggles, and her hopes for the future. And as she wrote, she started to heal. She started to find her voice. And she started to find her way.

Smack Dab in the Middle of Maybe is Jo Piazza's memoir of her journey of self-discovery after divorce. It's a book that is full of honesty, humor, and

heart. It's a book that will resonate with anyone who has ever felt lost, or who is looking to find their way again.

In this excerpt from the book, Jo writes about the day she realized she needed to make a change:

“I was sitting on my parents' couch, watching Netflix and drinking a glass of wine. I had been doing this for weeks, ever since I moved back in after my divorce. I was lost, alone, and unsure of what the future held.

But that day, something was different. As I watched the credits roll on yet another movie, I realized that I couldn't keep living this way. I needed to find a way to move on.

So I got up and went to my room. I took out my laptop and started writing. I wrote about my divorce, my struggles, and my hopes for the future. And as I wrote, I started to feel better.

I realized that I wasn't the only one who had ever gone through a divorce. And I realized that there were people who could help me.

So I started reaching out to friends and family. I started going to therapy. And I started making changes in my life.

It wasn't easy, but it was worth it. I found my way out of the darkness. And I found myself.”

If you're going through a divorce, or if you're just feeling lost and unsure of what the future holds, I encourage you to read *Smack Dab in the Middle of Maybe*. It's a book that will help you find your voice, find your way, and find your happy ending.
