In a world ravaged by war and disease, a new era of hope emerges in the form of The Testing. A nationwide competition designed to identify the most intelligent and capable youth, The Testing promises a chance at a brighter future for those who succeed.

Among the thousands of teens vying for a place in The Testing are Cia Vale and Tomas Vargas. Cia, a brilliant and resourceful girl from a poor family, and Tomas, a charismatic and compassionate young man from the elite, are both determined to prove their worth.

As the competition progresses, Cia and Tomas find themselves facing a series of increasingly dangerous and challenging tests. They must outsmart their opponents, overcome their deepest fears, and make impossible sacrifices.

But The Testing is more than just a competition. It is a system designed to control and manipulate the population. As Cia and Tomas learn more about the true nature of The Testing, they must decide whether they are willing to fight for their freedom, even if it means risking everything.

The Testing (Book 1)

In the first book of The Testing Trilogy, Cia and Tomas are introduced to the brutal world of The Testing. They must navigate a series of deadly challenges, including a maze filled with poisonous gas and a battle simulation where only the strongest survive.

As Cia and Tomas progress through The Testing, they form an unbreakable bond. They learn to trust each other, rely on each other, and fight for each other. But their friendship is put to the test when they are forced to make a life-altering decision.

Independent Study (Book 2)

In the second book of The Testing Trilogy, Cia and Tomas are separated and sent to different training facilities. Cia is sent to the University of Tosu City, where she is subjected to rigorous academic and physical training. Tomas is sent to the Academy of Four, a military academy where he is trained to become a ruthless soldier.

While Cia and Tomas are apart, they both face new challenges and temptations. Cia must resist the advances of a powerful official who threatens her future. Tomas must overcome the brutality of military training and the lure of power.

Final Exam (Book 3)

In the third and final book of The Testing Trilogy, Cia and Tomas are reunited and forced to confront the ultimate test. They must participate in a televised competition where they will be pitted against each other in a fight to the death.

As Cia and Tomas face their final challenge, they must decide what is more important: their lives or the future of their world. They must choose between love and duty, between hope and despair.

Why You'll Love The Testing Trilogy

The Testing Trilogy is a thrilling and thought-provoking series that will stay with you long after you finish reading it. The characters are unforgettable, the plot is suspenseful, and the themes are timeless.

If you're a fan of dystopian fiction, young adult fiction, or science fiction, then you'll love The Testing Trilogy. It's a series that will challenge your mind, tug at your heartstrings, and leave you wanting more.
