With over 200 photographs, many of which have never been published before, this book tells the story of the Queen's life in pictures. We see her as a young girl, playing with her sister, Princess Margaret; as a young woman, falling in love with Prince Philip; and as a mature monarch, carrying out her duties with grace and dignity.

We also see the Queen in her private moments, surrounded by her family and friends. We see her laughing with her children, relaxing at her country home, and enjoying the simple pleasures of life. These photographs offer a

glimpse into the real woman behind the public persona, and they reveal a side of the Queen that few people have ever seen.

Whether you are a lifelong fan of the Queen or simply someone who is interested in British history, this book is a must-have. It is a beautiful and moving tribute to a remarkable woman who has dedicated her life to serving her country and her people.
