Daniel Peña's *Walking Home Growing Up Hispanic In Houston* is a must-read for anyone who wants to understand the complexities of growing up Hispanic in the United States. Peña's memoir is a powerful and personal account of his own experiences, but it also speaks to the experiences of millions of other Hispanics who have come to this country in search of a better life.

Peña was born in Mexico and immigrated to the United States with his family when he was a child. He grew up in Houston, Texas, and attended public schools there. From a young age, Peña faced discrimination and racism from his classmates and teachers. He was often teased for his

accent and his dark skin. He was also made to feel like an outsider because of his family's socioeconomic status.

Despite the challenges he faced, Peña persevered. He was a good student and he eventually went on to college. After college, Peña worked as a journalist and a teacher. He also became involved in community activism. Peña's memoir is a testament to the power of perseverance and resilience. It is also a reminder that the American Dream is still alive for everyone, regardless of their race, ethnicity, or socioeconomic status.
